2017 - 19 Budget Summary

The 2017-19 state budget is \$13.55 billion, consisting of \$4.31 billion (31.8%) from the state general fund, \$3.78 billion (27.9%) from federal funds, and \$5.46 billion (40.3%) from state special funds. The general fund is where general, non-dedicated tax revenues are deposited. Appropriations from the general fund provide for the operation of general government services. State special funds are dedicated revenues used for specific purposes, such as gasoline taxes used to fund road projects. The legislature authorizes the expenditure of a set amount of federal funds anticipated to be received by state agencies from the federal government. Federal funds are provided for specific purposes. If anticipated federal funds are not forthcoming, the appropriation authority is not used.
